Subject: Status Update

Importance: High

Good morning Dave, Tom,

I hope this email finds you both well! I hope to hear from one of you today - I'm available all day until 3:30, either by return email or phone. I sent along a rather large email with cover images last week, and I know we are still waiting to hear about the queries.

Could you kindly let me know what the status is on the book queries? I am certainly happy to help if it will move the project along, just let me know.

All the best,
Jen
